## Pierre & Marie Curie University- Paris 6 - Paris

<http://www.upmc.fr/en>

- **BMC speciality Genetics, strand: Master in Life Sciences IMAiS** (2nd year of the master's)
- **Master degree in Fluid Mechanics, Foundations and applications (MF2A) speciality Fluid Mechanics** (1 year)
- **Master of Computer Science - Speciality Bioinformatics & modeling** (2 years)
- **Master of Physics and Applications (MPA) speciality Complex Systems** (2nd year of the master's)
- **Master of Physics and Applications (MPA) speciality International Center for Fundamental Physics** (2nd year of the Master's)
- **Master of Physics and Applications (MPA) speciality Nuclei particles Astroparticles Cosmology (NPAC)** (2nd year of master's)
- **Master's Degree of Applied Physics - speciality Materials science and Nano-objects (NANO-MAT)** (1 or 2 years)
- **Master's Degree of Integrative Biology and physiology - speciality Neurosciences** (2nd Year of the Master's)
- **Master's Degree of Integrative of SDUEE speciality Oceanography and Marine Environments (OEM)** (only the 2nd year of the master's degree)
- **Master's Degree of Molecular and Cellular Biology - Biotherapies and Immunology (International Master Programme)** (2nd year of the master's)
- **Master's Degree of Molecular and Cellular Biology - speciality Biology of Cell and Stem Cells (international master programm)** (2 years)
- **Master's Degree of Molecular and Cellular Biology - speciality From Developmental Biology to Medecine, Evolution and Systems Biology** (2 years)
- **Master's degree of Molecular and Cellular Biology (BMC) - speciality Biochemistry and molecular biology, strand: Master in Life Sciences IMAiS** (2nd year of the master's)
- **Physics and Applications (MPA) speciality Inter-University Physics Training (FIP)** (first year of the master's)
- **SDUEE speciality Ocean, Atmosphere, Climate and Remote Sensing (OACOS)** (2nd year of the master's)

## University of Rennes 1

<http://www.univ-rennes1.fr/>

- **European Master in Geosciences of Basins and Lithosphere** (2 years)
- **International Master in Molecular Catalysis and Green Chemistry** (1 year or 2 years)
- **Master in Physics** (1 or 2 years)
- **Master MAMASELF (Master in Materials Science Exploring Large Scale Facilities)** (2 years)

## Toulouse University-UT1-Graduate School of Management (IAE)

<http://www.iae-toulouse.fr/>

- **Master 2: International Tourism Economics and Management** (2 Semesters: From September to March in Toulouse - From April in internship (2 to 6 months) / or research report)

## Université Toulouse 1 Capitole - Toulouse School of Economics - Toulouse

<http://www.tse-fr.eu>

- **Master in Environmental and Natural Resources Economics** (One year - second year of the Master program)

## Université Toulouse 3 Paul Sabatier - Toulouse

<http://www.univ-tlse3.fr/>

- **Structural and Functional Biochemistry** (1 academic year)

## University of Versailles Saint-Quentin-en-Yvelines

<http://www.uvsq.fr/>

- **International Professional Master in Management of Eco-Innovation** (1 year)
- **Master Artic Studies** (2 semestres)

## AgroParisTech - Paris

Paris Institute of Technology for Life, Food and Environmental Sciences

<http://www.agroparistech.fr>

- **EMJMD European Forestry** (2 years)
- **EMJMD Plant Health - European Master degree in Plant Health in Sustainable Cropping Systems** (2 years)
- **EMJMD SUTROFOR - Sustainable Tropical Forestry** (2 years)
- **European Master in Animal Breeding and Genetics (EMABG)** (2 years)
- **Master AETPF international major "Forests and their environment" (FEN)** (2 years)

## AgroSup Dijon - Dijon

<https://www.agrosupdijon.fr/en>

- **Master of Science "Microbiology and Physicochemistry for Food and Wine processes"** (2 years)
- **Master of Science "Physiological and Psychological Food Choice Determinant"** (2 years)

## AIX Marseille Universite

<http://edu.univ-amu.fr/en>

- **Master in Optics-Photonics POESII-Europhotonics** (2 years)

## Conservatoire National des Arts et Métiers - Paris

International Institute of Management

<http://iim-en.cnam.fr>

- **Master in Management (MIM)** (13 months from October to September included)

## Conservatoire National des Arts et Métiers - Paris

EPN Electronics, electrotechnics, automatics, measurement (EEAM)

<http://eeam.cnam.fr>

- Master of Science in Telecommunications and Networks (12 - 24 months)

## Ecaml Lyon - Lyon

<http://www.ecaml.fr>

- Master of ECAM Engineering Program - Mechanical and Electrical Engineering (5 years)

## Ecole Centrale de Nantes - Nantes

<https://www.ec-nantes.fr/>

- Master in Civil Engineering - Materials and Structures in their Environment (2 years)
- Master in Control and Robotics - Control Systems (2 years)
- Master in Control and Robotics - Embedded Real Time Systems (2 years)
- Master in Control and Robotics - Signal and Image Processing (2 years)
- Master in Control and Robotics - Supervision - Production and Management (2 years)
- Master in Mechanical Engineering - Advanced Composite Engineering and Science (2 years)
- Master in Mechanical Engineering - Advanced Manufacturing (2 years)
- Master in Mechanical Engineering - Energetics and Propulsion (2 years)
- Master of Sciences and Techniques in Urban Environment on Atmosphere, Water and Urban Environment (2 years)

## Ecole Centrale Paris - Chatenay-Malabry

<http://www.ecp.fr>

- Master of Science Nuclear Energy (1 Year - M1 or M2 / 2 Years - M1+M2)

## Ecole des Hautes Études en Santé Publique - Rennes

EHESP School of Public Health

<http://www.ehesp.fr>

- Master of public health (2 years)

## National School for Water and Environmental Engineering of Strasbourg (ENGEES)

<http://engees.unistra.fr>

- Master Earth, Universal and Environmental Sciences, specialized in Environmental Engineering and Sciences (2 academic years)

## Ecole nationale supérieure des mines de Saint-Etienne

Graduate school of engineering

<http://www.mines-stetienne.fr/en/>

- Master of science in Biomedical engineering (1 year 16 months)
- Master's degree in Processes and Polymers (16 months)

## Ecole Normale Supérieure - Paris

<http://www.ens.fr/>

- Master's degree in Fundamental Physics (2 years)
- The Research Master in Cognitive Science (or Cogmaster) (2 years)

## Ecole normale supérieure de Cachan

<http://www.ens-cachan.fr>

- Master degree in Molecular Nano-and Biophotonics - Erasmus Mundus (2 years)

## Ecole Normale Supérieure de Lyon - Lyon

<http://www.ens-lyon.eu>

- AtoSiM: Atomic Scale Modelling of Physical, Chemical and Bio-molecular Systems (2 years - Master 1 & Master 2)
- Biosciences Master (2 years)
- Master of Chemistry and Physics (2 years)

## Ecolepolytechnique of the University of Nantes

<http://web.polytech.univ-nantes.fr/>

- Master 2 in Electrical Energy (12 months)
- Master 2 in Microalgae Bioprocess Engineering (12 months)
- Master 2 in Thermal Science and Energy (12 months)

## Ecole Polytechnique de Paris - Palaiseau (member of ParisTech)

<http://www.polytechnique.edu>

- EP-ETHZ joint Master's degree in Physics - High Energy Physics (2 years - 1 year in each institution)
- Graduate Degree "Ecotechnologies for Sustainability and Environment Management" (Master Level) (2 years)
- Graduate Degree "Energy Environment: Science Technology and Management - STEEM" (Master's level) (2 years)
- Master's degree in Applied Mathematics (2 years - Direct admission to year 2 available for suitably qualified students)
- Master's degree in Chemistry - Molecular Chemistry (2 years)
- Master's degree in Economics (2 years)
- Master's degree in Mechanics - Fluid Mechanics: Fundamentals & Applications (2 years)
- Master's degree in Mechanics - Materials and Engineering Sciences MAGIS (2 years - Direct admission to year 2 available for suitably qualified students.)
- Master's degree in Physics - Fusion Sciences (2 years)
- Master's degrees in Physics - Optics, Nanosciences (2 years)

## Ecole Supérieure d'Ingénieurs de Luminy - Marseille

Luminy School of Advanced studies in Engineering (Aix Marseille University)

<http://www.esil.univmed.fr>

- **BIODEV = BIOTEchnology in sustainable DEVELOPMENT** (1 year)

## ENS de Chimie et Physique de Bordeaux - Pessac

Graduate School of Engineering for Chemistry, Biology and Physics in Bordeaux

<http://www.enscbp.fr/spip.php?rubrique>

- **Master of Sciences "Materials Design and Processing"** (1 year)
- **Master of Sciences "Nano and Microtechnologies"** (1 year)
- **Master of Sciences "Polymer Design and Formulation"** (1 year)

## Rennes School of Business

<https://www.rennes-sb.com>

- **Master of Science in Sustainable Management and Eco-Innovation**  
(16 months - 8 months academic courses + 4 to 6 months internship + graduating project)

## ESILV Léonard de Vinci Graduate School of Engineering- Paris

<https://www.esilv.fr/en/>

- **Engineering degree** (5 years)
- **Integrated Master in Engineering** (2 years)

## GEM - Ecole des Mines d'Alès - Alès

IMT Mines Ales

<http://www.mines-ales.fr/international>

- **Master of Science** (2 years)

## GEM - Ecole Nationale des Techniques Industrielles et des Mines d'ALBI-CARMAUX - Albi

<http://www.mines-albi.fr/international>

- **Advanced Pharmaceutical engineering master** (2 years)
- **Aeromat Innovation Aerospace Materials** (2 years)
- **Biomass and Waste for Energy and Materials Master** (2 years)

## Grenoble INP (Institut National Polytechnique de Grenoble) - Grenoble

<http://www.grenoble-inp.fr/welcome/>

- **Master in Materials for Nuclear Energy (MaNuEn)** (2 years)
- **Erasmus Mundus Joint Master Degree in Functional Advanced Materials and Engineering (FAME+)** (2 years)
- **Master in Electrical Engineering for Smart grids and buildings** (2 academic years)
- **Master in Hydraulic and Civil Engineering** (2 academic years)
- **Master in Nanomedicine and Structural Biology** (1 year)
- **Master of Science in Electrochemistry and Processes (ELP)** (2 years)
- **Master of Science in Fluid Mechanics and Energetics** (1 academic year)

## GROUPE HEC / HEC School of Management - Jouy-en-Josas

<http://www.hec.edu>

- **MSc Data Science for Business: Joint Degree with EcolePolytechnique** (Year 1 at ÉcolePolytechnique / Year 2 at HEC Paris)

## IMT Atlantique - Nantes

<http://www.imt-atlantique.fr/>

- **MSc in Advanced Nuclear Waste Management (SNEAM-ANWM)** (2 years - 3 academic semesters + paid internship in France or abroad)
- **MSc in Nuclear Energy Production and Industrial Applications (SNEAM-NEPIA)** (2 years - 3 academic semesters + paid internship in France or abroad)
- **MSc in Nuclear Medical Applications** (2 years - 3 academic semesters + paid internship in France or abroad)
- **MSc in Project Management for Environmental & Energy Engineering (PM3E)** (2 years - 3 academic semesters + paid internship in France or abroad)

## Institut d'Optique Graduate School - Palaiseau

<http://www.institutoptique.fr/>

- **Double Master Degree (Erasmus Mundus Brand Name): Master in Optics, Matter and Plasmas + Master degree of 2nd university of Study** (2 years; 1 year in each of 2 different establishments in 2 European countries.)
- **Master in Optics, Matter and Plasmas** (2 years)

## Institut National des Sciences Appliquées de Lyon - Villeurbanne INSA Lyon

<http://www.insa-lyon.fr>

- **Master's of Engineering INSA Lyon (SCAN section)** (2 years in English and 3 years in French)

## Institut National Polytechnique de Toulouse - Toulouse

Toulouse INP

<http://www.inp-toulouse.fr/>

- **Fluids: Master of Science in Fluids Engineering for Industrial Processes** (24 months - including 6 months internship)
- **Green Cap: Master of Science Green Chemistry and Processes for Renewable Feedstocks 24 months** (24 months - including 6 months internship)
- **Master of Science for Electronic Systems for Embedded and Communicating Application (ESECA)** (2 years)
- **Master of Science in AgrofoodChain : sustainability and innovation** (2 years)
- **Master of Science in Water Engineering and Water Management** (2 years)

## Institut Supérieur d'Agriculture de Lille - Lille

ISA Lille - Graduate School of Agriculture and Bioengineering

<https://www.isa-lille.com>

- **Master of Science and Engineering - Agricultural Economics, Marketing and Management** (2 academic years - 4 semesters)
- **Master of Science and Engineering - Agricultural Science** (2 academic years - 4 semesters)
- **Master of Science and Engineering - Environmental Science** (2 academic years - 4 semesters)
- **Master of Science and Engineering - Food Science** (2 academic years - 4 semesters)

## ISARA-Lyon - Lyon

<http://www.isara.fr/en>

- **European MSc Agroecology** (2 years : 3 academic semesters + 1 semester dedicated to the Master thesis)
- **MSc Agroecology - Organic Agriculture** (2 years : 3 academic semesters + 1 semester dedicated to the Master thesis)

## ISIPCA - Versailles

<http://www.isipca.fr/en/advanced-education-program/european-fragrance-cosmetic-master-efcm>

The image features a vibrant red background with large, dark blue, stylized mathematical symbols. A pi symbol ( $\pi$ ) is positioned at the top, a square root symbol ( $\sqrt{\quad}$ ) is in the center, and an infinity symbol ( $\infty$ ) is on the right. The word "MATHEMATICS" is written in white, bold, uppercase letters across the middle of the square root symbol.

- **Master Physics : Physics and Environmental Technologies** (M2 - 12 months)
- **Master Physics : Physics of Plasmas and fusion** (M2 - 12 months)

## Pierre and Marie Curie University (UPMC)

<http://www.upmc.fr/en>

- **EIT Digital Master in Internet Technology and Architecture** (2 years)
- **Master degree in Fluid Mechanics, Foundations and applications (MF2A) speciality Fluid Mechanics** (1 year)
- **Master of Computer Science - Speciality Bioinformatics & modeling** (2 years)

- **Master's Degree of Computer Science - Bioinformatics, biomathematics & computer modeling** (2 years)
- **Master's Degree of Engineering Sciences - engineering for Health (IPS) specialty Mechatronic system for rehabilitation (MSR)** (only the second year of the master's degree is in english)
- **SDUEE specialty Ocean, Atmosphere, Climate and Remote Sensing (OACOS)** (2nd year of the master's)

## University of Rennes 1

<http://www.univ-rennes1.fr/>

- **European Master in Geosciences of Basins and Lithosphere** (2 years)
- **International Master degree in Cloud Computing and Services** (2 years)
- **Master in Physics** (1 or 2 years)
- **Research Master in Computer Science** (1 year)

## Université Toulouse 1 Capitole

<http://www.ut-capitole.fr>

- **Master of Information Technology - Innovative Information Systems - 2IS** (2 years program)

## Paul Sabatier University Toulouse III

<http://www.ups-tlse.fr>

- **Master Computer Science for Aerospace** (2 years)

## University of Versailles Saint-Quentin-en-Yvelines

- **Master of Science "Microbiology and Physicochemistry for Food and Wine processes"** (2 years)

## AIX Marseille Universite

<http://edu.univ-amu.fr/en>

- Master in Optics-Photonics POESII-Europhotonics (2 years)

## Conservatoire National des Arts et Métiers - Paris

EPN Electronics, electrotechnics, automatics, measurement (EEAM)

<http://eeam.cnam.fr>

- Master of Science in Telecommunications and Networks (12 - 24 months)

## Data ScienceTech Institute- Paris

<https://www.datasciencetech.institute/>

- Advanced MSc in Artificial Intelligence (9 months)
- Applied MSc in Data Engineering (1 year)
- Applied MSc in Data Science (1 year)
- MSc in Applied Data Science & Big Data - Off-Campus (Online education) (1 year)

## Ecamm Lyon - Lyon

<http://www.ecam.fr>

- Master of ECAM Engineering Program - Mechanical and Electrical Engineering (5 years)

## ECE Paris - Graduate School of Engineering

<http://www.ece.fr/>

- Master's Degree in Engineering (- - -)

## Ecole Centrale de Lille - Villeneuve d'Ascq

Centrale Lille

<http://centralelille.fr>

- International Master Aeronautic and Space – TURBULENCE (2 Years)
- International Master in Bio Medical Engineering (BME) (2 Years)
- International Master in Robotics & Transport (2 Years)
- Master Electrical engineering for sustainable development (E2SD) (1 Year)

## Ecole Centrale de Lyon - Ecully

## Ecole Centrale de Nantes - Nantes

<http://www.ec-nantes.fr>

- European Erasmus Mundus Advanced Design (18 months)
- European Erasmus Mundus in Advanced Robotics EMARO + (2 years)
- European Erasmus Mundus Master of Science in Computational Mechanics (2 years)
- Master AMASONE - Atlantic Master on Ship Operation & Naval Engineering (2 years)
- Master in Civil Engineering - Materials and Structures in their Environment (2 years)
- Master in Control and Robotics - Control Systems (2 years)
- Master in Control and Robotics - Embedded Real Time Systems (2 years)
- Master in Control and Robotics - Signal and Image Processing (2 years)
- Master in Control and Robotics - Supervision - Production and Management (2 years)
- Master in Hydrodynamics and Ocean Engineering (2 years)
- Master in Mechanical Engineering - Advanced Composite Engineering and Science (2 years)
- Master in Mechanical Engineering - Advanced Manufacturing (2 years)
- Master in Mechanical Engineering - Computational Mechanics (2 years)
- Master in Mechanical Engineering - Energetics and Propulsion (2 years)
- Master of Engineering in Control and Robotics - Advanced Robotics (2 years)
- Master of Engineering in Real time, Steering and Supervision (2 years)
- Master of Sciences and Techniques in Urban Environment on Atmosphere, Water and Urban Environment (2 years)

## Ecole Centrale Paris - Chatenay-Malabry

<http://www.ecp.fr>

- Master of Science Nuclear Energy (1 Year; M1 or M2 / 2 Years; M1+M2)

## Ecole Française d'Electronique et d'Informatique - Villejuif

Information and Digital Technologies Engineering School

<http://www.efrei.fr>

- Master degree in Engineering (2 years)

## Ecole Internationale des Sciences du Traitement de l'Information - Cergy

Graduate School in Engineering

<http://www.eisti.fr>

- Master's degree in Big Data: Data Analytics, Data Science, Data Architecture (2 years)

## Ecole Nationale d'Ingénieurs de Tarbes - Tarbes

<http://www.enit.fr>

- **Master of Science Degree in Mechanical Engineering or Industrial Engineering** (10 semesters including the European Project semester)

## Ecole Nationale de l'Aviation Civile - Toulouse - Toulouse

French Civil Aviation University

<http://www.enac.fr/>

- **Master in International Air Transport Operations Management** (2 years)
- **Master of Science in Global Navigation Satellite System** (2 years)

## ENSAI - National School for Statistics and Information Analysis - Rennes

<http://www.ensai.fr/home.html>

- **Master in Statistics for Smart Data** (13 months; 14 months if Intensive French Summer Program, for practical life)

## National School for Water and Environmental Engineering of Strasbourg (ENGEES)

<http://engees.unistra.fr>

- **Master Earth, Universal and Environmental Sciences, specialized in Environmental Engineering and Sciences** (2 academic years)
- **Master of Engineering Sciences, specialized in Computational Engineering** (2 academic years)

## Ecole Nationale Supérieure de Mécanique et d'Aérotechnique - Futuroscope

ISAE-ENSMA

<http://www.isae-ensma.fr>

- **Master of Science in Aeronautical Mechanics and Energetics** (2 years - full time)

## Ecole nationale supérieure des mines de Saint-Etienne

Graduate school of engineering

<http://www.mines-stetienne.fr/en/>

- **Master of science Cyber-Physical Social Systems** (1 year)
- **Master of science in Biomedical engineering** (1 year)
- **Master of science in Materials science and engineering** (1 year)
- **Master of science Industrial Engineering and Operations Research** (1 year)
- **Master of Science Mathematical Imaging & Spatial Pattern Analysis** (1 year)
- **Master of science Process Engineering & Industrial Energy Efficiency** (1 year)
- **Master of science Surface Engineering and Tribology** (1 year)

## Ecole Nationale Supérieure du Pétrole et des Moteurs - Rueil-Malmaison

IFP School

<http://www.ifp-school.com>

- Master's degree "Powertrain Engineering" (16 months)
- Master's degree "Reservoir Geoscience Engineering" (16 months)
- Master's degree in Petroleum Economics and Management (16 months)
- Master's degree in Petroleum Geosciences, Geology or Geophysics majors (16 months)
- Master's degree in Processes and Polymers (16 months)

## Ecole Normale Supérieure de Cachan - Cachan

<http://www.ens-cachan.fr>

- Master degree in Computer Science (1 year)
- Master degree in Molecular Nano - & Biophotonics - Erasmus Mundus (2 years)
- Master's degree "Engineering sciences" speciality Solids Mechanics, Fundamental and Applied (One year : October to the end of February, followed by a research internship)

## Ecole Normale Supérieure de Lyon - Lyon

<http://www.ens-lyon.eu>

- AtoSiM: Atomic Scale Modelling of Physical, Chemical and Bio-molecular Systems (2 years; Master 1 & Master 2)
- Computer Science Master (2 years)

## Ecole polytechnique of the University of Nantes

<http://web.polytech.univ-nantes.fr/>

- Master 2 in Data Science (12 months)
- Master 2 in Electrical Energy (12 months)
- Master 2 in Microalgae Bioprocess Engineering (12 months)
- Master 2 in Thermal Science and Energy (12 months)
- Master 2 in Visual Computing (12 months)
- Master 2 in Wireless Embedded Technologies (12 months)

## Ecole Polytechnique de Paris - Palaiseau

<https://www.polytechnique.edu/en>

- Graduate Degree " Smart Cities" (Master's level)
- Graduate Degree "Artificial Intelligence & Advanced Visual Computing" (Master Level) (2 years)
- Graduate Degree "Big Data for Business" (Master's level) (2 years)
- Graduate Degree "Cybersecurity: Threats and Defenses" (Master Level) (2 years)
- Graduate Degree "Economics, Data Analytics and Corporate Finance" (Master's level) (2 years)

- Graduate Degree "Ecotechnologies for Sustainability and Environment Management" (Master Level) (2 years)
- Graduate Degree "Energy Environment: Science Technology and Management - STEEM" (Master's level) (2 years)
- Graduate Degree "Internet of Things: Innovation and Management Program" (Master's level) (2 years)
- Master's degree in Applied Mathematics (2 years - Direct admission to year 2 available for suitably qualified students.)
- Master's degree in Mechanics - Fluid Mechanics: Fundamentals and Applications (2 years)
- Master's degree in Mechanics - Materials and Engineering Sciences MAGIS (2 years - Direct admission to year 2 available for suitably qualified students.)
- Master's degree in Physics - Fusion Sciences (2 years)
- Master's degrees in Physics - Optics, Nanosciences (2 years)
- MSc Data Science For Business (Double Degree with HEC) (2 years)

## EPITA Graduate School of Computer Science

<http://www.epita.fr/masters/index.php>

- International Master in Computer Security
- International Masters in Information Systems Management (3 semesters; 2 academic semesters and a six-month internship in industry or institution)
- International Masters in Software Engineering (3 semesters; 2 academic semesters and a six-month internship in industry or institution)

## Luminy School of Advanced studies in Engineering (Aix Marseille University)

<http://www.esil.univmed.fr>

- BIODEV = BIOTEchnology in sustainable DEVELOPMENT (1 year)

## ESIGELEC, French School of Engineering

<http://www.esigelec.fr>

- Master in Sciences & Technology, major "Embedded Electronic Systems" (4 semesters, starting in October; 3 semesters only, for people having a bachelor degree corresponding to 4 years of higher education)
- Master in Sciences & Technology, major "Information Systems"
- MSc. "Embedded Instrumentation & Controls" (3 semesters including 1 semester of paid internship)

## Ecole supérieure de commerce de Clermont - Clermont-Ferrand

<http://www.esc-clermont.fr/en>

- MSc. in Business Intelligence & Analytics (14 to 16 months)

## **Ecole Supérieure des Sciences Commerciales d'Angers - Angers**

ESSCA School of Management

<https://www.essca.fr/en>

- **Grande Ecole Master's Degree - Major in Webmarketing (2 years)**

## **Ecole Supérieure du Bois - Nantes**

<http://www.ecoledubois.fr>

- **Engineering degree (1 semester)**

## **EIT ICT Labs - Paris-Rennes**

Pierre et Marie Curie University (UPMC)

<http://www.upmc.fr>

- **EIT ICT Labs Master in Internet Technology and Architecture (2 years)**
- **EIT ICT Labs Master's degree in Distributed Systems & Services (Cloud Computing) (2 years)**
- **EIT ICT Labs Master's degree in Human Computer Interaction and Design (2 years)**

## **ENS de Chimie et Physique de Bordeaux - Pessac**

Graduate School of Engineering for Chemistry, Biology and Physics in Bordeaux

<http://www.enscbp.fr/spip.php?rubrique>

- **Master of Sciences "Materials Design and Processing" (1 year)**
- **Master of Sciences "Nano and Microtechnologies"**
- **Master of Sciences "Polymer Design and Formulation" (1 year)**

## **ENSIAME - Public Engineering School in Computing, Automation, Mechanics, Energetics and Electronics**

<http://www.univ-valenciennes.fr/ensiame/en>

- **International Master "Transportation and Energy" (The master lasts 2 years with possibility to integrate directly the M2 under certain conditions)**

## **EPF Graduate School of Engineering**

<http://www.epf.fr/en>

- **Master of Science "Innovation, Creation and Entrepreneurship" (13 months; with a 6 months internship)**

## **EPITECH - Le Kremlin Bicêtre**

<http://www.epitech.eu>

- **Postgraduate Degree "Expert in Information Technology" (5 years)**

## ESIEE Paris - Noisy-le-Grand

<http://www.esiee.fr/en>

- **IME (International Master of Electronics - Applied Micro-Nano-Technologies - Wireless communications - Micro-Nano-Systems)** (2 years)
- **International Master of Computer Science - Computer Science for Intelligent systems** (2 years)
- **M.Sc. MoTIS (Management of Technology - Information Systems)** (2 academic semesters (9 months) plus a 6-month internship)
- **Master of Engineering "Applied Micro and Nanotechnologies"** (2 years)

## ESILV - Léonard de Vinci Graduate School of Engineering

<https://www.esilv.fr/en/>

- **Engineering degree** (5 years)
- **Integrated Master in Engineering** (2 years)

## Eurecom - Sophia Antipolis

<http://www.eurecom.fr/en>

- **EIT Digital Autonomous Systems (AUS) Master's degree** (4 semesters: 2 semesters in entry university for common courses and 2 semesters in exit for specialization; incl. Internship)
- **EIT Digital Cyber Security (CSE) Master's degree** (4 semesters: 2 semesters in an entry university for common courses + 2 semesters in Exit university for specialization, incl. internship)
- **ERASMUS MUNDUS Joint Master's Programme in Security and Cloud Computing – SECCLO** (2 years - 120 ECTS)
- **Master of Science in Data Science and Engineering** (24 months; 3 academic semesters + 6 month paid internship. 16 months for direct access in M2; 2 academic semesters + 6 month paid internship)
- **Master of Science in Digital Security** (24 months; 3 academic semesters and a 6 month paid internship in a company)
- **Master of Science in Internet of Things (IoT)** (24 months; 3 academic semesters and a 6 month paid internship in a company)
- **Master of science in Mobile Computing Systems** (24 months; 3 academic semesters and a 6 month paid internship in a company)

## GEM - Ecole Nationale des Techniques Industrielles et des Mines d'ALBI-CARMAUX - Albi

<http://www.mines-albi.fr/international>

- **Advanced Pharmaceutical engineering master** (2 years)
- **Aeromat Innovation Aerospace Materials** (2 years)
- **Biomass and Waste for Energy and Materials Master** (2 years)

## GEM - Ecole Nationale Supérieure des Mines de Nancy

<http://mines-nancy.univ-lorraine.fr>

- **Master of Science in Security Of Computer System** (2 years program corresponding to 120 ECTS)

## Grenoble Institute of Technology (Grenoble INP)

<http://www.grenoble-inp.fr/welcome/>

- **Master in Materials for Nuclear Energy (MaNuEn)** (2 years)
- **Master's degree in Micro and Nanotechnologies for Integrated Systems** (2 years; 6 months at Grenoble Institute of Technology)
- **Engineering Degree Biomedical Engineering** (2 years)
- **Erasmus Mundus Joint Master Degree in Functional Advanced Materials and Engineering (FAME+)** (2 years)
- **Master AMIS - Advanced Materials for Innovation & Sustainability** (2 years)
- **Master EMINE - European Master's in Nuclear Energy** (2 years)
- **Master in Electrical Engineering for Smart grids and buildings** (2 academic years)
- **Master in Hydraulic and Civil Engineering** (2 academic years)
- **Master in Integration, Security and TRust in Embedded systems** (2 years)
- **Master in Nanomedicine and Structural Biology** (1 year)
- **Master in Signal and Image processing Methods and Applications (SIGMA)** (2 years)
- **Master in Sustainable Industrial Engineering** (2 academic years; 3 semesters of courses, one semester of final project)
- **Master in Systems, Control & IT (MISCIT)** (1 year)
- **Master MSE - Course Biorefinery and Biomaterials** (2 years)
- **Master of Science in Cybersecurity (CySec)** (2 semesters)
- **Master of Science in Electrochemistry and Processes (ELP)** (2 years)
- **Master of Science in Fluid Mechanics and Energetics** (1 academic year)
- **Master of Science in Industrial and Applied Mathematics MSIAM** (2-year master program, with 3 semesters of courses and a 6-month individual research project, students can enter directly in M2)
- **Master of Science in Operations Research, Combinatorics and Optimization – ORCO** (2 semesters)
- **Master's of Science in Informatics at Grenoble MoSIG** (2-year master program, with 3 semesters of courses and a 6-month individual research project, students can enter directly in M2)

## Groupe 3iL - Limoges

- **MSc Data Science for Business: Joint Degree with Ecole Polytechnique** (- -)

## Hautes Études d'Ingénieur - Lille

<http://en.hei.fr/>

- **Master of Science & Engineering Smart Cities** (2 academic years; 4 semesters)

## IMT Atlantique - Nantes

<http://www.imt-atlantique.fr/>

- **MSc in Advanced Nuclear Waste Management (SNEAM-ANWM)**  
(2 years; 3 academic semesters + paid internship in France or abroad)
- **MSc in Architecture and Engineering for the Internet of Things (AEIOT)**  
(2 years; 3 academic semesters + paid internship in France or abroad)
- **MSc in Communication System and Network Engineering (CSNE)**  
(2 years; 3 academic semesters + paid internship in France or abroad)
- **MSc in Data Science (DS)**  
(2 years; 3 academic semesters + paid internship in France or abroad)
- **MSc in Information System Governance (ISG)**  
(2 years; 3 academic semesters + paid internship in France or abroad)
- **MSc in Management & Optimization of Supply Chains & Transport (MOST)**  
(2 years; 3 academic semesters + paid internship in France or abroad)
- **MSc in Nuclear Energy Production & Industrial Applications (SNEAM-NEPIA)**  
(2 years; 3 academic semesters + paid internship in France or abroad)
- **MSc in Nuclear Medical Applications**  
(2 years; 3 academic semesters + paid internship in France or abroad)
- **MSc in Project Management for Environmental & Energy Engineering (PM3E)**  
(2 years; 3 academic semesters + paid internship in France or abroad)

## IMT Institut Mines Telecom- Ecole Nationale Supérieure de Mines ALBI-CARMAUX - Albi

- **Master Chemistry and Life Sciences (2 years; Master 1 + Master 2)**
- **Master Degree in Research and Innovation (10 months)**
- **Master Energy (2 years; Master 1 + Master 2)**
- **Master Materials Science and Engineering (2 years; Master 1 + Master 2)**
- **Master's degree in Life sciences (2 years; Master 1 + Master 2)**

## ParisTech - Paris

<http://www.paristech.fr/>

- **Master Advanced Communication Networks (2 years)**
- **Master Bioengineering (BME-Paris) (2 years)**
- **Master Economics (2 years)**
- **Master Fluid mechanics: fundamentals and applications (1 year)**
- **Master Information Technologies (18 months)**
- **Master Knowledge Integration in Mechanical Production (1 year)**
- **Master Materials and Engineering Sciences in Paris (1 year)**
- **Master Materials science for sustainable construction (1 year)**
- **Master Maths, Vision and Learning (2 years)**
- **Master Molecular chemistry (1 year)**
- **Master Network industries and the digital economy (1 year)**
- **Master Nuclear Energy (2 years)**
- **Master Physics in optics and nanoscience (2 years)**
- **Master Renewable energy Science and Technology (1 year)**

## Sciences Po (Paris School of International Affairs)
